

Do Not Flush!

These items should never be flushed down the toilet or dumped down the drain:

- Wipes (even if labeled "flushable")
- Baby wipes
- Feminine hygiene products
- Condoms
- Diapers
- Tissues
- Floss
- Band Aids
- Cotton Balls
- Cotton Swabs
- Kitty litter
- Fats
- Oils
- Grease
- Food waste
- Coffee grinds
- Egg shells
- Cigarette butts
- Paper towels
- Napkins
- Plastic gloves
- Other general garbage

Always dispose of these items in a trash can. It can save you from dealing with messy, costly sewage backups in your home caused by blockages in your lateral line.

Fats, oils, and grease that are put down your drain can combine with debris like roots and other items like (non)flushable wipes to cause a sewer backup. These backups are the responsibility of the homeowner, so don't be tempted to put problem materials down the drain.

Never flush or dump any of the following materials down the drain:

- Fats
- Oils
- Grease
- Food waste
- Coffee grinds
- Egg shells
- Pharmaceutical products
- Feminine hygiene products
- Condoms
- Baby wipes
- Wipes advertised/labeled as "flushable"
- Diapers
- Tissues
- Floss
- Band Aids
- Cotton balls
- Cotton swabs
- Paper towels
- Kitty litter
- Cigarette butts
- Other general garbage
- Ashes
- Cinders
- Sand
- Mud
- Straw
- Shavings
- Metal
- Glass
- Rags
- Feathers
- Plastic
- Wood
- Hair
- Chemical residues
- Paint residues
- Lime slurry
- Viscous materials
- Tar
- Toxic substances
